ThriveWell Experiences is a physician informed platform dedicated to advancing education, awareness, and dialogue around perimenopause, menopause, and women's health. Through educational programming, workplace initiatives, speaker series and live experiences, **ThriveWell explores the intersection of science, wellness, workplace culture and long-term health outcomes.**

Program Overview

The ThriveWell Experience is an intimate educational gathering taking place **October 10, 2026 in Miami Beach, Florida.** The event will convene approximately 150 women alongside clinicians, wellness practitioners and thought leaders for multidisciplinary conversations focused on menopause and healthy aging.

The 2026 program theme is: The Hidden Costs of Menopause

Programming will explore the physical, emotional, financial and workplace related challenges women often face during perimenopause and menopause, including:

- impact associated with symptom management and ongoing care.
- hormone therapy and other treatment options.
- nutrition and lifestyle medicine.
- cardiovascular and cognitive health.
- mental wellbeing.
